Residents Ask For Indoor Pool at Park

Some 600 residents in the area of Victoria Park are requesting the County Board of Supervisors to build an indoor swimming pool and multi-purpose gymnasium at the park.
 The petition says that by June, 1964, there will be about 15,000 children living within a mile and a half of Victoria Park.
 Architect James H. Garrott has been appointed to prepare plans for a swimming pool but the county does not say whether the plans are for an indoor or outdoor pool.
 Plans and specifications for increased and improved lighting at the park are being prepared. Work will include installing 20 steel poles each holding banks of lights.
 The county Parks and Recreation Department will soon provide hard court areas for volleyball and basketball and outdoor gymnasium equipment, although the petition submitted by the residents asks for an indoor multi-purpose gymnasium.
